Hey Nitya sree,

I am writing to give you a quick update, on our group project. So far we have finished the research and have begun working on the main part of the project. Most of the assigned tasks are moving forward well. We are now putting the different parts together.

One challenge we have encountered is coordinating everyone's schedules, which has caused a small delays. However we are working around this. Making sure the project stays on track.

If everything goes as planned we expect to finish the project by [date]. We will keep you updated if there are any changes.

Best regards,

Mihika Kaki
